

To my wonderful supporters

As the inspirations to write songs appear before me and the gift of melodies and words come to me, I feel this is my communication to you. Creating songs and dreams are some of the joys of a beautiful life. Giving the Gift of Song in the Sunshine and in Starlight.

My dream is to continue to write and perform for those who want to hear. I am calling this my "Creation Dream Fund".

This is a place where you can contribute to this dream. You are the fans that keep the songs coming with your presence, beautiful smiles, open ears and other support.

In the progression of recent time several of you gave extra contributions to make this living dream come true.

I want to say a heartfelt thank you. It is the gift that keeps giving to everyone who hears my songs. Anyone is welcome to purchase CDs for \$15.00 at anytime; however, here are ways to contribute to the "Creation Dream Fund"

You may choose a set amount or put in your own amount you feel comfortable. This is a fund that will be used for making CD's (recording, artwork, photos, producing and sales), Website (production and updates), and Public Relations (posters, promotional mailings, emailing and scheduling of performances).
